

**Transitions**  
Signature<sup>®</sup> GEN8

**Transitions**  
XTRActive<sup>®</sup>

**Transitions**  
Vantage<sup>®</sup>

**Breakthrough technology  
for the best overall  
photochromic lenses.\***

**Transitions<sup>®</sup> lenses deliver  
all the benefits that patients  
want:**

- protection
- outdoor darkness
- full indoor clarity
- responsiveness
- long-lasting performance

**The best choice for extra  
protection - even in the car.**

Uniquely designed with  
broad spectrum dyes that  
react to UV and low visible  
light, enabling it to be extra  
dark outdoors and activate  
behind the windshield.  
These lenses also protect  
against harsh artificial light  
and digital devices indoors.

**The best choice for glare  
reduction outdoors.**

The world's only intelligent  
lens that automatically  
polarizes as it darkens  
outdoors. The variable  
polarization adjusts to match  
the level of glare outdoors to  
provide noticeably crisper,  
sharper vision.

## LOVED BY WEARERS

**9 out of 10 Transitions<sup>®</sup> lens wearers are satisfied and will repurchase.<sup>1</sup>**

\*Based on achieving the highest weighted composite score among main everyday photochromic lenses across measurements of key photochromic performance attributes weighted by their relative importance to consumers.

<sup>1</sup> US Consumer Brand Tracking: Q3 2017; N=210 Transitions Users (MSW-ARS)

**KODAK Lens**

Two consumer-known brands come together to offer eyeglass wearers high-performance and comfortable vision every day.
