Lenses

THE LATEST PROTECTION FOR GROWING EYES.

With school starting soon, it's time to think about how you can better protect your child's eyes from blue-violet light* they'll encounter both indoors from screens and outside from the sun. *Transitions® Signature® GEN 8™* lenses not only darken outdoors to block 100% of UVA and UVB rays, but they help protect your child's eyes from harsh light anywhere they go.

Show your kids what these lenses can do. Scan the code or visit transitions.com/kids so they can:

- Try on *Transitions®* lenses virtually in seven cool colors
- Explore how *Transitions* lenses adapt to different light situations
- Play cool optical illusion games and more

**Blue-violet light is between 400 and 455nm (ISO TR 20772:2018)

Transitions and *Transitions Signature* are registered trademarks, the *Transitions* logo and *Transitions Light Intelligent Lenses* are trademarks of Transitions Optical, Inc. used under license by Transitions Optical Limited. *Light Under Control* and *GEN 8* are trademarks of Transitions Optical Limited. ©2023 Transitions Optical Limited. Photochromic performance is influenced by temperature, UV exposure and lens material. Lens colors simulated for demonstration purposes. Ask your eyecare professional for a demonstration in order to experience *Transitions* lenses for yourself. Frames by VERY FRENCH GANGSTERS® – Lenses *Transitions® Signature® GEN 8™* Gray
